**BULLETIN ADDENDUM
1999-2000**

Communications Directory (inside front cover)

The College's web site address should be <http://www.lgc.edu>.

Admission (page 19)

Required Admission Documents

- | | |
|----------------------|----------------------|
| Freshmen | Transfers |
| 5. Application essay | 4. Application essay |

Add telephone number 800-593-2885 and correct e-mail address to lgcadmis@lgc.edu.

ACADEMIC ADMISSION REQUIREMENTS

In this section on page 21 after **Provisional Admission** add section as follows:

Home-schooled students: LaGrange College welcomes home-educated students to apply for admission. In addition to the items requested for freshman admission, home-schooled students are asked to provide a bibliography of all high school literature including instructional texts and two letters of recommendation. At least one of the letters must be from outside the home.

Under **Joint Enrollment** at the end of the paragraph, add this line: Students applying for the Georgia Post-secondary Options Program must also submit an official recommendation from the high school counseling office.

Financial Information (page 25)

Business and Economics

Assistant Professors: Delete Currie, Darby. Add Rosencrants, Sneath.

Education

Associate Professors: Add Harrison, Hillyer.

Assistant Professors: Delete Harrison, Hillyer

Fine Arts

Associate Professors: Add Anderson, Edwards

Assistant Professors: Delete Edwards.

Humanities

Assistant Professors: Add Scott

Nursing

Professor: Delete Kratina

Assistant Professors: Delete Bircheat, Robinson. Add Frederick

Instructor: Harrilson

Natural Sciences and Mathematics

Associate Professor: Add C. Yin

Assistant Professors: Delete Barry, C. Yin

Instructor: Pike

Social and Behavioral Sciences

Assistant Professors: Add Flores

Course Numbering System and Abbreviations (page 96)

Computer Science (page 123)

Last sentence in last paragraph on page 123 should read: These courses include Novell NetWare, Oracle, Web Programming Java, Visual Basic, COBOL, and PC Structure and Problem Solving.

CORE REQUIREMENTS FOR ALL STUDENTS PURSUING A MINOR, B.A., OR B.S. IN COMPUTER SCIENCE (17 QUARTER HOURS) (page 124):

Last item should read:

- One of the following: 250, 280, 285, 290 (285 is required for the business track)

REQUIREMENTS FOR THE BUSINESS TRACK OF THE B.S. DEGREE (80 QUARTER HOURS):

First item should read:

- A second programming language from the list SCS 250, 280, 285, and 290

Sixth item should read:

- The seven business courses that make up the requirements for a minor in business

Seventh item should read:

- Although this doesn't add to the number of hours required, BUA 101 must be taken as a general requirement.

Course Descriptions (page 126) Add the following courses:

205. PC Structure and Problem Solving. (5)

A study of basic computer hardware, how to install hardware components, and how to diagnose hardware problems. In addition, the course will include a study of the basics of Windows and DOS necessary for maintaining computer hardware.

Prerequisite: CSC 163 or consent of instructor.

290. Java Programming. (5)

The study of Java, an object-oriented language that is designed to facilitate Internet-based applications.

Prerequisite: CSC 199 or consent of instructor.

Education (page 132)

Following the **Introduction** section add new copy:

Admission Policy

- Overall GPA of 2.75 or better.
- Entrance interview to include writing assignment.
- Written agreement that authorizes a criminal background check. It is strongly advised that students with a criminal record seek advice from their advisor on their suitability for the teaching profession. Students are expected to conform to the Standards of Conduct published by the Georgia Professional Practices Commission.

Failure to conform to these standards may result in dismissal from student teaching and/or from the program.

Field Experiences

Most education courses require extensive experiences in schools. On occasion these may be in conflict with work that a student does outside of college requirements. While every effort is made to work with students and meet their individual needs, students must recognize that field experiences are an essential component of the educational program.

Prior to working with children in schools, all students need to provide verification and/or waiver of insurance liability.

Secondary Education

Subject to approval by the Georgia Professional Standards commission, the existing secondary education program will be phased out prior to the Masters of Teaching (MAT) program being introduced in the fall of 2000. The MAT program consists of 33 semester hours, including student teaching. The MAT program is for individuals holding a bachelor's degree in a certifiable secondary field. Cohort groups will begin the program in the summer and will be able to complete the program by the following summer. Admission requirements: Qualifying scores on Praxis I (or SAT, ACT or GRE) and Praxis II tests.

All existing secondary education majors must arrange to take any necessary education classes before fall 2000. Please note when these courses are offered.

EDU 199 – every quarter
EDU 362 – winter quarter
EDU 449 – every quarter
EDU 459 – fall and winter

PSY 202 – every quarter
PSY 304 - fall and spring
Methods course from department
EDU 490S - Student teaching every quarter

Masters of Education Program

By the fall of 2000 the existing Masters of Education program for Early Childhood and Middle Grades will be replaced by a Masters of Education program in Curriculum and Instruction. The 30 semester hours M.Ed. program is for individuals who hold a T-4 certificate in grades K-12. A thesis will be required. Admission requirements: Qualifying scores on the Miller's Analogy Test or GRE.

Early Childhood and Middle Grades Education Programs

These programs will follow the new program standards adopted by the Georgia Professional Standards Commission (effective 7/1/99).

General Science (page 150)

101. Earth Science I. Add spring 2000

Health, Physical Education, and Recreation (page 151)

Physical Education Activities

116. Personal Fitness (1) winter

Introduction to the assessment and maintenance of personal fitness. Course content will include information on various topics including diet, weight control, smoking cessation, and stress management.
